

Green Pig Stockfeeds

Green Pig Stockfeed blends Certified Organic grains and protein meals with **Biochar Activated Green Pig Feed Additive**, to provide your herd with all the essential mineral and vitamin requirements for optimum health and productivity.

Our **Green Pig Stockfeeds** offer you an affordable and environmentally friendly option while delivering superior health to your pigs.

Nutrition

Provides all the essential minerals for pigs, considering the requirements and differences of foraging behavior, age and stage of production. Increases production due to binding of Mycotoxins and positive gut health. Green Pig Feed Additive extends retention time of feed and improves the Feed Conversion Ratio (FCR).

Superior Health

The key ingredient is a specially formulated blend of biochar for animal ingestion to improve livestock health through favourable gut micro flora and removal of pathogenic flora (e.g. Campylobacter and Heliobacterium), aiding weight gain and ultimately improving the profitability of your pork operation.

Environmental Benefits

Reduction in nitrogen loss and greenhouse gasses (reduced odour) due to enhanced Cation Exchange Capacity; decreased Ureolytic activity; and decreased PH or aeration. The value of manure is also improved creating a more stable fertiliser with higher nitrogen, phosphorus and potassium (NPK) values and stable carbon to add to soil values for future carbon credits.

Green Pig
BioChar Activated™

Ingredients

Cereal grains, legumes and pulses, vegetable protein meals, vegetable oils, salt, limestone, bentonite, DCP, Biochar, amino acids, enzymes, vitamins and minerals.

Packaging

Bulk / bulk bag / small 25 kilogram bag.

Green Pig Weaner Ration

From 21 days to 8 weeks of age.

Crude Protein (%)	ME (Mj/kg)	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
20.6	14.6	3.8	53	7	13	1	0.6	0.4	0.2	0.1	0.8
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (KIU)	Vit. D (KIU)
0.5	135.8	51.4	5.9	29	0.04	1	0.6	1.3	0.5	1.2	0.2

Green Pig Lactating Sow Ration

Designed for lactating sows (have given birth to piglets).

Crude Protein (%)	ME (Mj/kg)	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
19.1	14.5	5.9	54	5	13	1.1	0.6	0.4	0.2	0.1	0.8
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (KIU)	Vit. D (KIU)
0.5	128.6	42.8	5	25.5	0.03	0.9	0.5	1	0.3	0.6	0.1

Green Dry Sow Ration

Designed for dry sows (between litters and not lactating).

Crude Protein (%)	ME (Mj/kg)	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
17.9	13.8	3.6	57	5	13	1.1	0.6	0.4	0.3	0.1	0.7
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (KIU)	Vit. D (KIU)
0.5	128.2	42.2	4.8	25.5	0.03	1	0.5	0.9	0.3	0.6	0.1

Green Pig Grower Ration

For pigs from 8 weeks to 12 weeks.

Crude Protein (%)	ME (Mj/kg)	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
19	14.1	3.5	49	8	13	1.1	0.5	0.3	0.2	0.1	0.7
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (KIU)	Vit. D (KIU)
0.9	124.4	41.9	5	29	0.02	0.9	0.5	1.1	0.3	0.6	0.1

Green Pig Finisher Ration

For pigs from 12 weeks to slaughter.

Crude Protein (%)	ME (Mj/kg)	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
17.8	14.1	4.7	56	5	13	1	0.5	0.4	0.3	0.1	0.5
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (KIU)	Vit. D (KIU)
0.5	128.4	42.3	4.8	25.4	0.03	1	0.5	1	0.3	0.6	0.1

Green Pig Boar Ration

Designed to feed growing and mature boars.

Crude Protein (%)	ME (Mj/kg)	Fat (%)	Starch (%)	Sugar (%)	NDF (%)	Ca (%)	P (%)	Mg (%)	Na (%)	S (%)	K (%)
17.9	13.8	3.6	57	5	13	1.1	0.6	0.4	0.3	0.1	0.7
Cl (%)	Fe (ppm)	Zn (ppm)	Cu (ppm)	Mn (ppm)	Se (ppm)	Co (ppm)	I (ppm)	Lysine (%)	Methionine (%)	Vit. A (KIU)	Vit. D (KIU)
0.5	128.9	42.7	4.9	26.1	0.03	1	0.5	0.9	0.3	0.6	0.1
